## Customer Notification

**Subject:** ALCOR® Scientific 30,000 Test Preventative Maintenance Kit

Dear Valued Partner,

ALCOR Scientific has recently updated the components of our 30,000 Test Preventative Maintenance Kits, part numbers 222-13-002 and 112-13-09, for iSED® and miniiSED® analyzers.

These kits will now include primary and wash pump tubing. All other components will remain unchanged.

No action is necessary on your behalf. Please retain this Customer Notification for your records.

For additional information on this notification, please contact ALCOR Scientific Technical Support at [techservice@alcorscientific.com](mailto:techservice@alcorscientific.com) or +1 401-737-3774.

Sincerely,

The ALCOR Scientific Team
