Customer Notification

Subject: ALCOR® Scientific to Partner with UK NEQAS for EQA ESR Programme

We are pleased to announce that customers will now be able to register their interest in the NEQAS EQA Programme for ALCOR Scientific miniSED® and iSED® Erythrocyte Sedimentation Rate Analyzers. The next survey is planned for June. A minimum of 20 ALCOR Scientific analyzer registrations is required to begin the survey.

Please contact UK NEQAS for a full list of countries participating in UK NEQAS proficiency testing services.

If you would like to participate, **please contact UK NEQAS directly** using the contact details below and let them know how many ALCOR Scientific miniSED or iSED analyzers need to be registered. The UK NEQAS team will take over the process from there.

UK NEQAS can be reached at:

haem@ukneqas.org.uk

ghadmin@ukneqas.org.uk

<http://www.ukneqash.org/gh.php>

For any ALCOR Scientific questions, please contact Catherine Dabrowa at cdabrowa@alcorscientific.com.
