

ALCOR Scientific iSED Automated ESR Analyzer PN: 112-00101

May 29, 2025

To Whom It May Concern,

The iSED Automated ESR Analyzer (112-00101) with Serial Numbers less than and including 04999 were manufactured before March 2023. These analyzers will be supported by ALCOR Scientific until March 31, 2029, with regards to Technical Support, parts, and maintenance. No further software or hardware updates are planned. ALCOR Scientific will continue its Post Market Surveillance.

Additionally, these iSED Analyzers that are older than 6 years from the manufacturing date printed on the device label may require increased service contract costs. Please contact your ALCOR Sales representative for more information.

A table is provided below to illustrate the manufacturing and support status of the iSED Automated ESR Analyzer for devices below and above serial number 04999.

Name	Model Number	Device Serial Number Range	Manufacturing Status	Service and Support
iSED	112-00101	0- 04999	Discontinued	Ends March 2029
iSED	112-00101	05000+	Active	Indefinitely
